THE IVIES

By Alexa Donne (YA F Donn)

312 pages 2021 Mystery Fiction

How far would you go to snag a spot at one of the top universities in the country? Avery, Emma, Margot, Sierra, and Olivia, collectively known as The lvies, have strategized and sabotaged fellow students at Claflin Academy to virtually guarantee acceptance into an lvy League school. However, in order to avoid competing with each other, they must each apply to a different school. When Emma is accepted into Harvard (Avery's school) and Avery is rejected, feelings are hurt and loyalties are questioned. And when Emma is found murdered the next day, Olivia wonders if Avery took the Harvard rejection a little too seriously. Delve into the world of high-stakes college admissions competition as Olivia tries to determine how far her friends have really gone to get into their dream schools. (Grades 9 & up)

THE CRUELEST MERCY

But her mother continues to refuse to let her sail with the crew, claiming the dangers of the pirate life. So when Corayne is approached by Dom, an immortal elder, and told she is the only one who can save the world from certain destruction because of her Spindleroot blood, she decides to leave her home and journey with him to face an army of shadows, a sword capable of breaking realms, and a king bent on destruction. (Grades 9 & up)

DEADLY LITTLE SCANDALS

By Jennifer Lynn Barnes (YA F Barn)

345 pages 2019 Mystery Fiction

I feared that this book would be unable to live up to its prequel, *Little White Lies*. However, my fears were assuaged as this sequel absolutely lives up to its predecessor. This book follows Sawyer Tate, as she returns to her home in Maine for the summer, determined to never step foot into high society and its convoluted chambers again. However, never say never. Just as she's adjusting back to life at home, her cousin Lily shows up and ropes her back into high society once again. This time, however, it is under the guise of adventuring into the White Gloves, a top secret club that is incredibly cutthroat with demanding tasks. One of the challenges takes a chilling turn as a mutilated dead body is discovered on the shoreline. The body brings questions that Sawyer and her friends do their best to uncover... but a twisted secret lies at the root of it all, threatening to expose the entire operation.
